Dear Amos:

I just received the volumes you sent me on
"International Governmental Organizations" and
the revised edition of "Constitutions of Nations".

These will make treasured additions to my

I also particularly appreciate the fine
inscription you placed inside the cover.

Dear Allen:

These sets are just off the press and I
would like you to have them.

I am told that they make excellent ballast
for a boat.

Sincerely,

Amos J. Peaslee
